

RoboCupJunior Theatre Workshop

Attention: Primary, High School Teachers and Students

RobocupJunior Theatre

RoboCupJunior New Zealand (RCJNZ) is a project-oriented educational initiative that supports local, regional & international robotic events for Primary & High school students. Teams work in a cooperative & supportive environment developed by volunteer groups of teacher, past competitors & industry members in three distinct challenges; **Theatre, Rescue & Soccer**. The focus of RoboCupJunior is the development of teamwork skills as well as technical skills in an environment of participation, fun & excitement. For more information on RobocupJunior New Zealand please refer to the website www.robocupjunior.org.nz

The following Introductory RobocupJunior Theatre workshop is available to all Primary and High School Teachers conducted by Joanna Burk from Modern Teaching Aids.

Teachers are invited to bring 2 student mentors on the day (not essential). Participants will have the opportunity to program with the EV3 software. EV3 robots will be available for use on the day or you may bring your own equipment.

Getting started is always a challenge so this day will give teachers and students the opportunity to prepare for the RobocupJunior Theatre event. Participants will build and program a simple Theatre robot for a performance at the end of the day.

About the Presenter

Joanna Burk has worked with LEGO® Education resources since 1998. She has a Diploma of Teaching in Primary Education & Certificate IV in Workplace Training & Assessment.

In her current role as Business Development Manager - STEM & Robotics with MTA, Joanna conducts professional development workshops for teachers in the effective use of LEGO Education & Robotics resources.

Joanna is also trained and certified in the application of the world renowned LEGO Serious Play methodology and is able to facilitate team and strategy sessions to ensure that all participants actively engage with the process.

Her presentations at curriculum days, workshops, information sessions, conferences & network meetings provide participants with a wealth of information which will assist in achieving best practice in teaching.

Joanna is also an actively involved member with Robocup Junior competitions in Australia & New Zealand.
